The Benefits of Electronic Federal Tax Payment System

Giving Much-Needed Convenience to our Lives

This month we explore a new method of paying taxes to the IRS – any tax. The electronic payment system is easy to sign up for and has considerable advantages.

1

Electronic Payment System

Second quarter estimated tax payments are due on June 15th. There is still time to use the latest technology to pay this and future estimated payments. The EFTPS (Electronic Federal Tax Payment System) is available for individual and business use at www.eftps.gov. Simply fill out the enrollment form and you are on the path to join the tax payment system of the future!

2

EFTPS Advantages

1. The ability to track your payments historically; no more missed deadlines or lost checks, no more last-minute drives to the bank or Post Office, and payments are always stamp-free.
2. You're in total control of initiating your tax payment securely through the EFTPS website.
3. Olbricht Storniolo Group, LLC will be encouraging the use of EFTPS for our clients.

3

Marketing & Networking

Contact our office if you would like more information on EFTPS or you need guidance navigating the www.eftps.gov website. Taxpayers should register two weeks prior to submitting a payment. If you are already registered, don't forget to log in one business day prior to setup your payment.
